Q: Where were you on the day of April 21, 2013?

A: I arrived at my friend's house around 12:15 to find this ugly girl apparently named Clara already there. I became enraged and we started fighting. I think I stormed out at 1:00 p.m. A little before 4:00 p.m. I came back to his house to get my wallet that I dropped while we were fighting. I always go through the side door, so no one will see me.
